

To the Right

PRIME MINISTER
of CANADA
Justin Trudeau

To the Honorable
PREMIER of
ONTARIO
Kathleen Wynne

To his Worship
MAYOR
of TORONTO
John Tory

The undersigned Italian-Canadian citizens residing in Ontario and Metropolitan Toronto,

have found that:

- The community hub known as the "COLUMBUS CENTRE", which was founded and established through the contributions of the Italian-Canadian community and the support of the Canadian federal government, has become the object of a tentative property speculation;

believe that:

- The "COLUMBUS CENTRE" is a focal point, and patrimony of, the Italian-Canadian community. Therefore, it is not to be subject to property speculators;

have found that:

- The Italian-Canadian community has not been consulted to express its views regarding a project that will enrich said speculators and impoverish the community;

ask that:

- All relevant authorities intervene with the full weight of their title to ensure that the Italian-Canadian community does not suffer the consequences of the aforementioned speculation.
